BREEDING PHILOSOPHY

At Cerise English Springer Spaniels, our goal is to preserve and improve the breed we love by producing healthy, beautiful, well-rounded Springers with the wonderful temperament the breed is known for. Each breeding is thoughtfully planned with careful consideration given to health, temperament, structure, movement, breed type, and pedigree. We strive to produce dogs that are affectionate, confident, intelligent, and versatile—equally at home as beloved family companions, in the show ring, or participating in performance activities. We believe breeding is about more than producing beautiful puppies; it is about being responsible stewards of the English Springer Spaniel. Our puppies are raised with love, purpose, and careful socialization, and our commitment to them continues throughout their lives. We are proud to honor the generations of breeders who came before us while doing our part to preserve the health, beauty, temperament, and spirit of the English Springer Spaniel for generations to come.

Zeke has been owner trained and handled to all titles. He earned his championship with 3 majors - finishing this spring at the Supported show after the WESSA specialty. He's now working at getting ready for Master with Karen.

MACH Hillcrest Colour Me Cheerful SH MXB MJB NF

Fuller's first game was agility with Jennifer. He earned his MACH easily in March and is more than 2/3 of the way to his next. He was 8th on AKC listing of the top 15 ESS re: the Invitational, and is 3rd in ESS 20" Regular Breed Power 10 at Bad Dog Agility for the first Quarter of '26.

Hillcrest Colours in Triplicate CD BN RN SH OA OAJ OF BCAT CGCA TKI

Cate loves to play in many different venues and is eager to learn new ones. Owner-handled, she has 12 pts toward her CH, including both majors. Starting obedience early on and smart, she quickly trained through utility, trialing now in Open, with a 1st place for her 1st leg. With her love of birds, she quickly finished Junior and Senior Hunter, now steadying for Master. Agility became a fun game that Cate runs with sheer happiness, now competing in Excellent. A new game is Scentwork. She'll soon enter an ORT. But really there is no game she doesn't like. She's ready to go whenever the door opens and always wants to please her handler. She's a great teammate.

CH Hillcrest N Wuerlwind On Tap OA OAJ JH

Porter finished breeder-owner handled to four majors with Dawn. He finished his Junior Hunter and is now working on his Senior title with Karen Livingston. Porter has recently completed his Open titles in Agility and will now be running in Excellent with Jennifer. He's glad he has four owners, and loves them all. See his clearances on Wuerlwind's page.

SHOW / PERFORMANCE CAREER HIGHLIGHTS

Cate is more than willing to play in any and all of the performance venues, but loves the birds and hunt training most of all. Cate enthusiastically enjoys obedience and is extremely biddable. Cate is 3 points away from her championship with Judges liking her movement and function. Cate is built - make and shape for what Springers are supposed to do.

BEST VIRTUES

By far Cate's temperament is the most easy-going, gets along with every dog and human she meets. Cate is built to go all day in the field without tiring. Cate loves all of the performance events and training but when at home, she has a great off-switch and is an integral part of our family in the house. Cate is also very smart and learns quickly in new situations or events.

WISH LIST OF VIRTUES

One can always look for what isn't perfect, and Cate's height is definitely on the lower end, but within the Standard. Cate is compact and solid in musculature. Cate could have more depth of muzzle. Heat and humidity tend to produce problems for a straight coat.

SHOW / PERFORMANCE CAREER HIGHLIGHTS

Fuller loves agility and earned his first MACH easily with co-owner Jennifer. He had fun completing his Junior and Senior Hunt titles and is being steadied for his Master tests. Fuller recently competed in conformation for two weekends, handled by friends and family, earning 9 points with one major. He is #8 in Top 15 ESS on the Invitational list and #3 on ESS Power 10 on Bad Dog Agility, 20" regular, 1st Quarter '26.

BEST VIRTUES

I love his thick, compact and well arched feet. His good dark liver color has shown no tendency to bleach. He has tight eyelids and nice eye color. He has moderate angulation, balanced front and rear, carrying a firm back when he moves. He's a kind, smart, boy who loves to work, enjoys playing with puppies, and likes to take a toy with him on his outings, or to greet you with one if you visit. He's a relaxed house dog with a good off switch.

WISH LIST OF VIRTUES

He could be a little taller. He could use a little more lip. His coat has a tendency to curl when he gets wet. I wish he had some of his mother's white.

HAS PRODUCED

Fuller has had 3 litters, 2 of which are still puppies. His first litter has two dogs who've had a chance to play games. A son has 9 points - VinEwoods Firestarter BN DJX DN CGC FTI SHA, and a daughter, VinEwood's Chasin' Summer at Hillcrest NA OAJ ACT1 DN CGC TKN VHMP VSWB FTN JH, owner-handled to both majors.

BREEDING PHILOSOPHY

At Stina's English Springer Spaniels, we see the Springer as a global breed with a rich history and a future worth protecting. We breed to preserve health, temperament, breed type, structure, trainability, and working ability, thoughtfully drawing on quality bloodlines from around the world. Health is the foundation of our program, and temperament matters as much as structure: our dogs should be confident, biddable, and a joy to live with. We value working ability and pursue titles in both conformation and performance, believing a Springer should prove itself at both ends of its name. We are preservation breeders first. Beauty should have purpose, structure should support function, and a Springer should always be capable of being a Springer.

SHOW / PERFORMANCE CAREER HIGHLIGHTS

Bruno has proven himself to be a truly versatile and well-rounded English Springer Spaniel. He successfully completed his service dog certification alongside his owner and continues to explore a variety of dog sports as their schedule allows. Bruno has also earned a specialty major in conformation. As his owner's first conformation dog, Bruno and his young handler are learning and growing together, building a wonderful partnership while gaining experience in the show ring and beyond.

BEST VIRTUES

Strong, well-maintained topline with excellent coat quality and quantity. Good bone and substance, complemented by a pleasing amount of lip and a well-developed muzzle. Demonstrates a strong work ethic and a willing, purposeful attitude.

WISH LIST OF VIRTUES

I would prefer a tighter-fitting eyelid and slightly more length of muzzle. Additional depth of chest would further complement his overall balance and structure. At two years of age, however, I expect his chest to continue developing and maturing with age.

HAS PRODUCED

Bruno is too young to be used at stud.

BREEDING PHILOSOPHY

My breeding philosophy is centered on preserving what I love about the English Springer Spaniel while continually striving to improve the breed. I look at the whole dog, health, structure, temperament, trainability, and the ability to do the work the breed was developed to do. I put a lot of thought into pedigrees, strengths, weaknesses, and what each dog can contribute to the next generation. For me, breeding is also about the people and the relationships we build along the way. I enjoy sharing what I've learned, mentoring others, and helping new breeders and owners develop a deeper appreciation for the breed. Ultimately, I want my breeding program to have a positive, lasting impact on the breed I love.
